## Health Insurance

### Anthem BlueCross BlueShield

Health insurance pays for some or all of the cost of the health services you receive, like doctors' visits, hospital stays, or visits to the emergency room. It helps keep your health care costs predictable and affordable. TCAD currently pays 85% of employee health insurance premiums (100% if employee participates in Wellness Program), and 50% of the premium for dependents.

2018 Employee cost per pay period:

Employee Only = \$29.78 (\$0 if employee participates in Wellness Program)  
Employee/Spouse = \$123.10  
Employee/Children = \$93.32  
Employee/Family = \$216.42
